Figure 2: low incidence (threshold 0.925, interim 2)

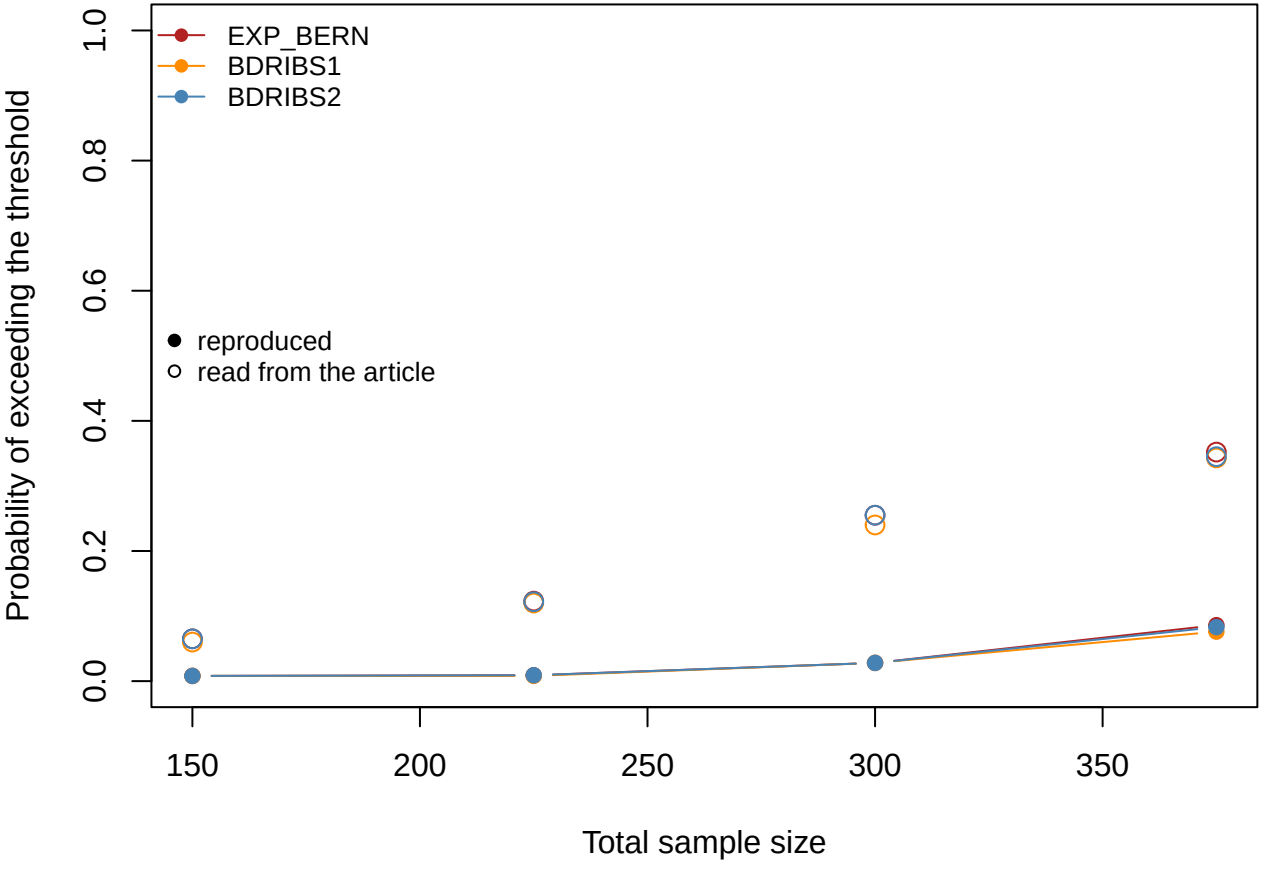

Figure 3: medium incidence (threshold 0.925, interim 4)

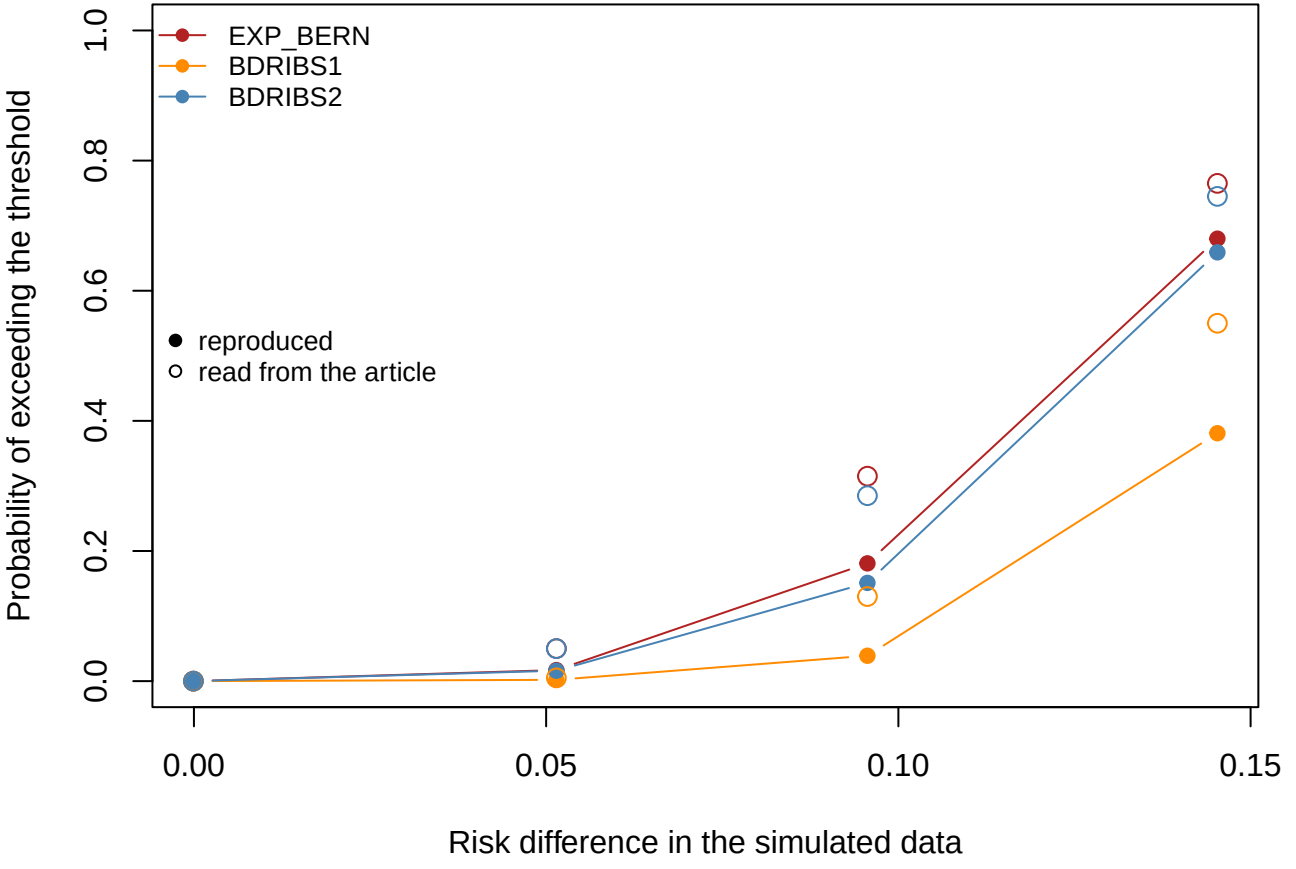

Figure 4: high incidence (threshold 0.95, final)

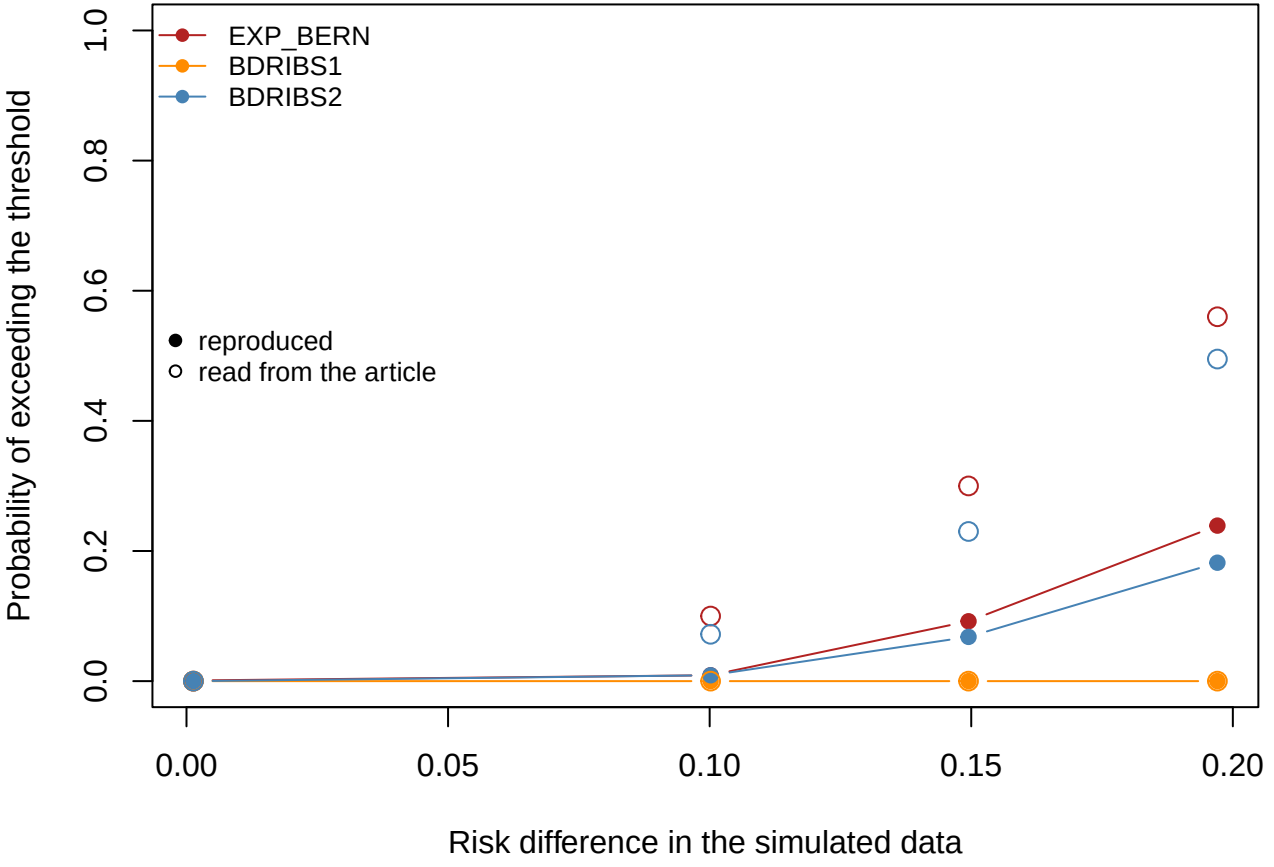

Figure 5: decreasing hazard (threshold 0.95, interim 3)

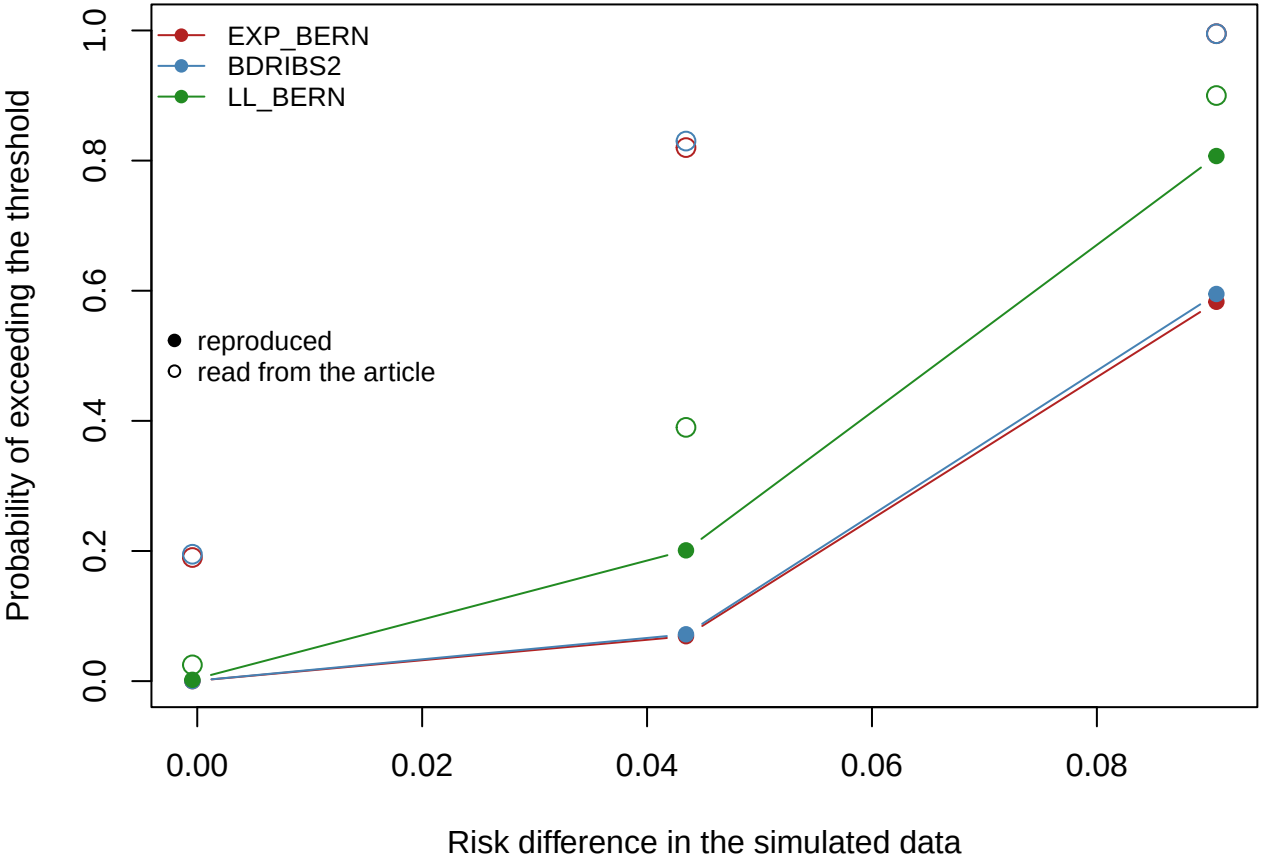

Figure 6: estimation, decreasing hazard (interim 3)

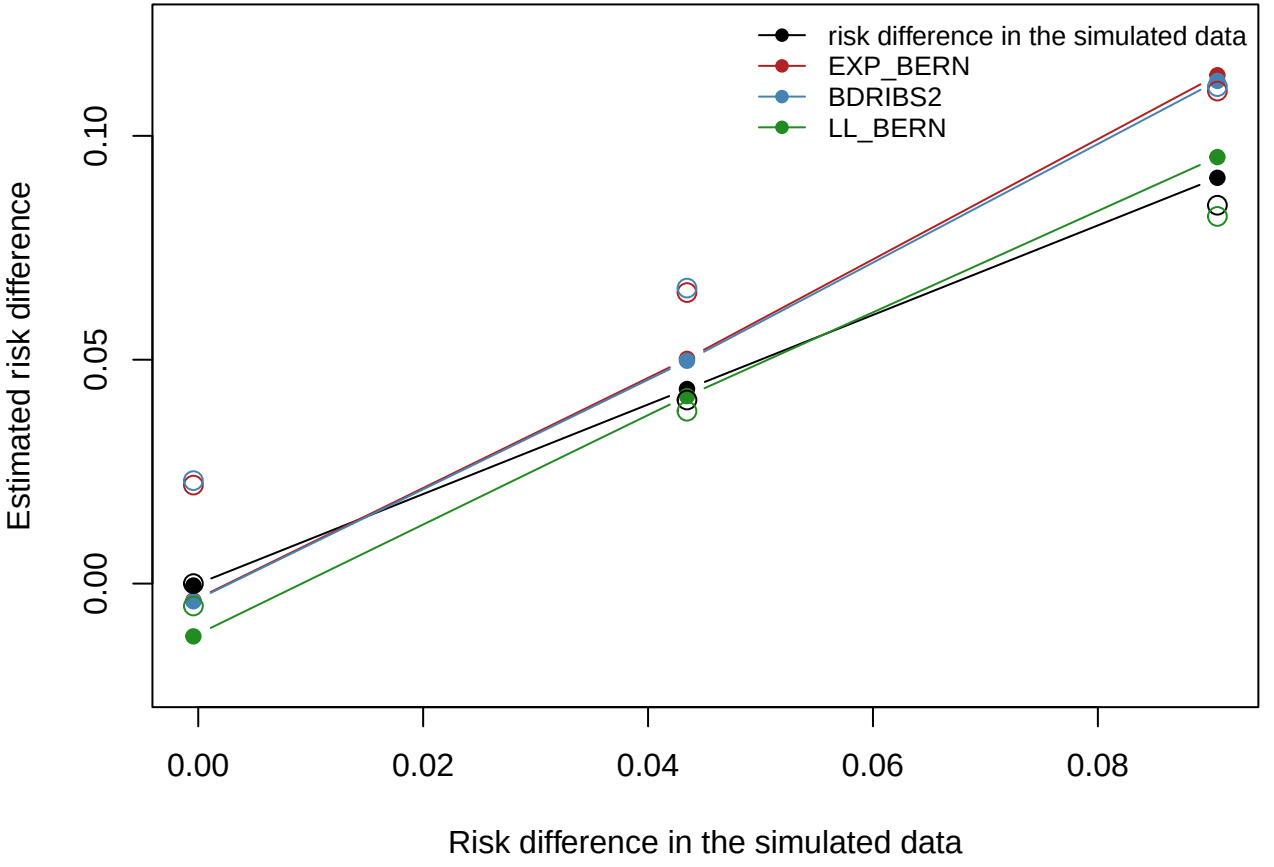

Figure 7: estimation, decreasing hazard, no effect

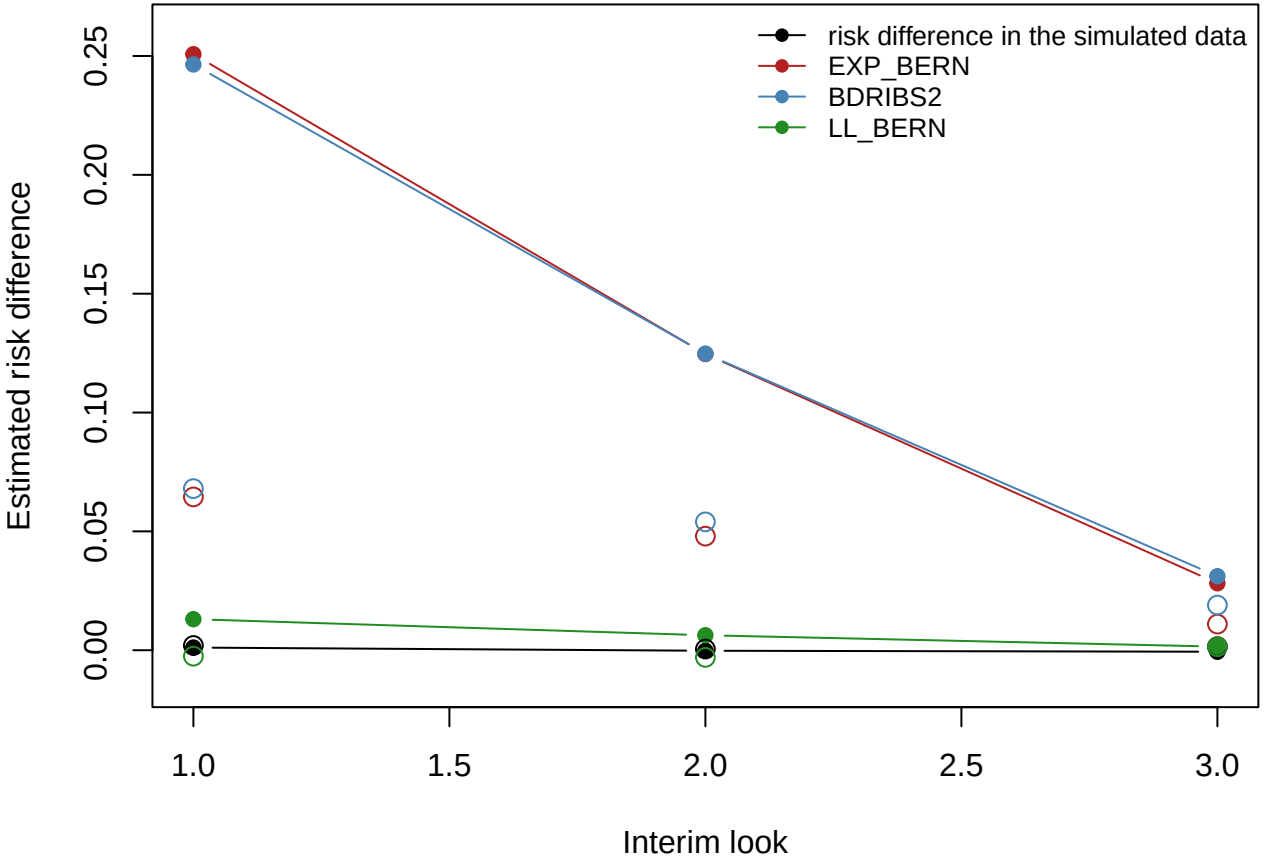

Figure 8: estimation, constant hazard, no effect

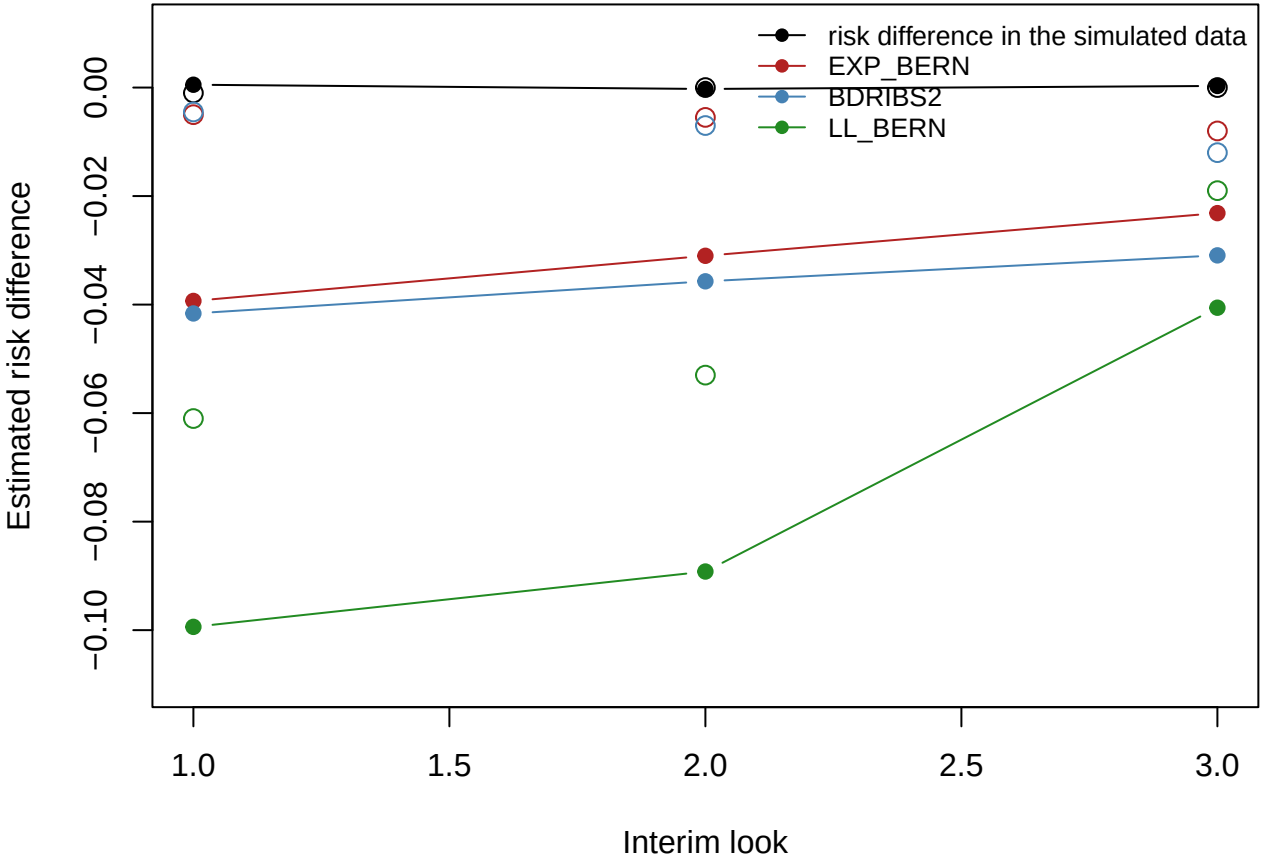

Figure 9: increasing hazard (threshold 0.95, interim 3)

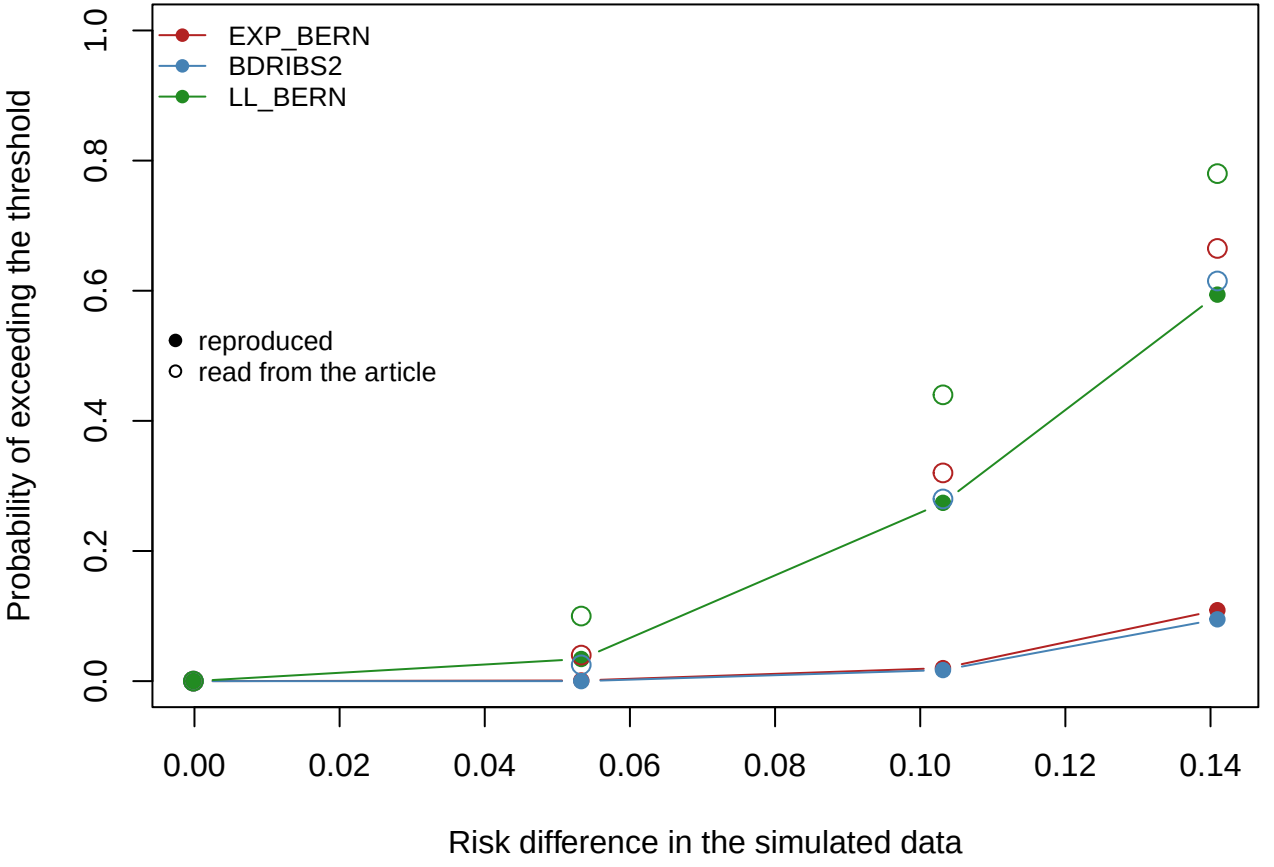

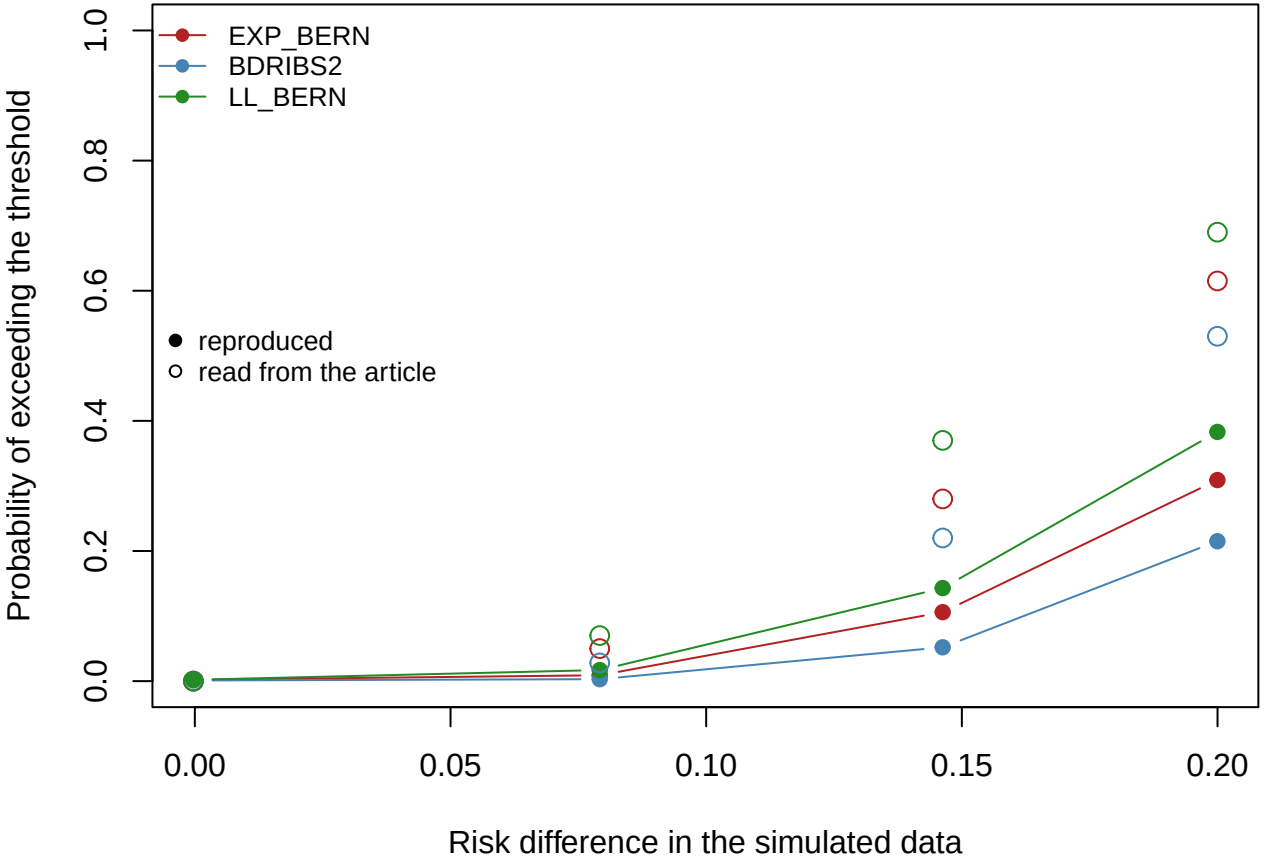

Figure 10: increasing hazard (threshold 0.925, final)
